

MNCYN Strategic Plan Summary 2022-2024

Align and support the work of the Provincial Council for Maternal and Child Health

VBAC, Safe Administration of Oxytocin, Post-Partum Standards of Care, Pediatric In-Pt Levels of Care, Paed Mental Health

Quality Health Outcomes

- Provide focus on Provincial Levels of Care and Human Health Resources to support care closer to home

Systems Integration

- Strengthen transitions of care and data collection, building on the COVID-19 pandemic experiences
- Support improved care across all settings (acute, primary, community, public health, Mental health, schools)

Improved Asset Management

- Perinatal & Paediatric Standardized training programs to support Perinatal and Paediatric care across the spectrum

Enhanced Learning and Growth

- Provide outstanding education and skill-building opportunities, including focus on mental health, intimate partner violence, and trauma- and violence-informed care
- Virtual and Experiential learning

VISION

Healthy partnerships for healthy families.

MISSION

Promote healthy communities by developing and nurturing networks of relationships based on knowledge and trust.
